- Natural properties of used materials: different colors of plywood, bending of plywood, differences in thickness of plywood
- Differences in milling
- Plywood scuffs and small plywood loss

7. Maintenance:

1. This is wooden product so do not cover it with unbreathable materials. Wood needs to breath.

2. In cases you pour water or other liquids clean it fast with dry cloth

3. For cleaning use only damp and then dry cloth. Using other materials, chemicals etc. can damage plywood.

4. To make sure toy is safe make periodic control. If you won't, in case of damage this can cause falls, collisions causing injuries to the user or third party.

5. Plywood was secured with Osmo wax-oil 3062. To renew it surface we recommend products from Osmo line.

8. Proof of purchase:

Keep your original purchase receipt. Failure to provide these in the event of a claim makes this Warranty null and void.

9. Replacement, returns:

Before we're sending products they are verified. Remember to check your order first in the presence of a courier/postman etc. If you see that product is broken/damaged/incomplete you should demand from the courier/postman damage protocol. After that you should contact with your seller about the situation.

If you want to return products you should return it directly to the seller. Please contact first with the seller. Products can't be used or damaged. Please ensure that the product is properly packaged so as to ensure that no damage occurs to the product and original packaging during transit.

If your product broke you should contact seller. First we need to check what happened to your toy. If this is material/plywood problem we will replace your toy.
